

THE MCHENRY COUNTY SOLID WASTE ADVISORY COMMITTEE

Presents

McHenry Township Road District

with the

2018 McHenry County Green Award

In recognition of your solid waste reduction and recycling efforts
which benefit our entire community.

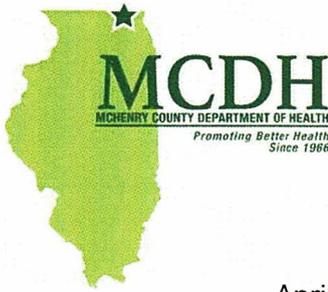

April 20, 2018
Date

Kristy Hecker

The seal is circular and embossed into the paper. It contains the text "MCHENRY COUNTY, ILLINOIS" around the perimeter and "SEAL" in the center. The signature "Kristy Hecker" is written in cursive over the seal.

Dear McHenry Township Road District:

Congratulations! McHenry Township Road District has been selected by the McHenry County Solid Waste Advisory Committee to receive the 2018 McHenry County Green Award for providing a monthly drop-off program that provides beneficial reuse and enhancing recycling opportunities of solid waste for your residents covering several waste streams including but not limited to: processing brush into wood chips for beneficial reuse at no cost to residents, electronics, Styrofoam, light bulbs and batteries. Your organization transitioned from wood pallets to more durable, longer lasting plastic pallets and you implement both traditional and social media to promote your services and messaging of your available services and programs. McHenry Township Road District's source reduction, beneficial reuse and recycling efforts represent a significant positive impact on the County's waste diversion and recycling rate.

Your achievement will be recognized at special events throughout the year.

Again, congratulations! We sincerely appreciate McHenry Township Road District's efforts demonstrating a positive model for solid waste management which benefits your residents and our entire community.

Sincerely,

Kristy Hecke, L.E.H.P.
Solid Waste Manager
