A minimum of three meetings will need to be held during this 18-month time frame. We are in compliance as the first meeting needed to be held prior to June 10, 2023. Some of the goals of this committee will be looking at the economy of scale (should we consolidate). Included in this are cost benefits of consolidation with Richmond and Burton Townships. Also included are the cost of employees and benefits. Jim Condon explained the importance of looking at equipment purchases, road programs, salt, employees – municipal/county vs. township. The question of mileage that MTRD handles vs. Richmond and Burton townships was brought up. Jim Condon explained that we wouldn't be able to set a next meeting date until the outline format becomes available from TOI.
