Discussion ensued and the committee agreed to add the Highway Commissioner, Condon to the committee panel. They will come up with places that they would send out packets for the services required for the cost study. They would like the time frame for the study to be done before the March 2020 election. Some discussion on how will this study would be funded. They will meet next week to share their findings. The committee agrees strongly that this needs to be a non-bias study.
